Camp Themes

Each week is a full theatrical world — story, characters, song and a Friday showcase for families.

01

• WEEK 1 • JULY 6 - 10

Aladdin

 Drama Camp by Yassin

What happens when a street kid from the souks finds a magic lamp — and has to choose between the wish he wants and the man he needs to become?

We open the week with the market scene — kids improvise the chaos of Agrabah: vendors, guards, the chase. By day two the Genie is loose. Thursday is a full run; Friday belongs to the families.

• WEEK 4 • JULY 27 - 31

The Jungle Book

 Drama Camp by Yassin

It is not about a boy in the jungle. It is about a kid who belongs everywhere and nowhere at the same time.

Week 4 feels different — we know each other now. We open with a full jungle soundscape: kids create the sounds before a single line is spoken. Monday we move like animals, Tuesday we find our characters, Wednesday the story clicks.

 On stage since childhood

• MEET YOUR DRAMA DIRECTOR

Yassin El Shafei

 Drama Director · La Sphère

Yassin's love for the stage was sparked in childhood by an exceptional drama teacher — and he has never left it since. Over the past decade he has immersed himself in theatre and film across England, Egypt, Qatar, Turkey and the streets of Paris, acting and directing in over 40 productions.

Trained at Cours Florent in Paris and a former assistant director at the school, he brings professional stage experience into a space built for children. His method: start with play, end with a performance that surprises even the parents.

• MEALS & SNACKS

Bring lunch — *we take care of the snacks.*

Lunchbox

Bring a lunchbox and water bottle. We keep lunches fresh in the fridge all morning and warm them up at mealtime.

Afternoon snack

Afternoon snack is on us! We provide a healthy snack every afternoon around 15:30. Just let us know about any allergies.

Fridge & warm-up

We keep your child's lunch cool all morning and warm it just before the break. No need to pack a hot meal.

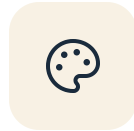

Easy to eat

Pack food your child can manage on their own — easy to open and ready to eat. Nothing that needs cooking or preparation on site.

• PERSONAL ITEMS

What to pack — *and leave home.*

Artists at work

Camps are hands-on and bound to get a little messy. Dress your child in play clothes that can survive an artistic stain or two.

Indoor shoes

Bring indoor shoes or slippers. We remove outdoor shoes at the entrance to keep the performance space clean and safe.

Label everything

Label all belongings — lunchboxes, bottles, jumpers, bags and shoes. Everything finds its way home more easily when labelled!

Toys stay home

Please keep personal toys at home. We have plenty of props, costumes and materials here — and toys tend to disappear in the drama!

💗 Every child is different — if you have specific needs, reach out before the first day and we will make it work.

• HEALTH & SAFETY

Safe, seen *and cared for.*

Allergies

Advise us of any dietary restriction or allergy. We provide afternoon snacks and want every child to enjoy them safely.

Hand washing

Children wash their hands before meals and after creative activities. Soap and sanitiser are accessible throughout the space.

If your child is unwell

Please keep them home until they recover — this protects all the children. We will happily reschedule or credit the week.

First aid

A first-aid kit is always visible on site and our team includes certified members. In emergencies, families are contacted immediately.

• SEE YOU IN JULY

Looking forward to **seeing** **you.**
